RE: **DOCKET NO. 449** – Message Center Management and New Cingular Wireless PCS, LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located at Redding Tax Assessor Map 23, Lot 72, Redding Ridge Fire Department, 186 Black Rock Turnpike, Redding, Connecticut.

Dear Attorneys Laub and Fisher:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than July 22, 2014. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office, as well as send a copy via electronic mail. In accordance with the State Solid Waste Management Plan and in accordance with Section 16-50j-12 of the Regulations of Connecticut State Agencies the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Copies of your responses shall be provided to all parties and intervenors listed on the service list, which can be found on the Council's pending proceedings website.

Yours very truly,

Melanie Bachman
Acting Executive Director

MB/MP

Docket No. 449
Pre-Hearing Questions
July 9, 2014
Set Two

50. Provide a drawing or specifications sheet for the proposed full standard platform.
51. Could New Cingular Wireless PCS, LLC (AT&T) utilize a low-profile platform if requested by the Council? Explain. Also provide a drawing or specification sheet for a typical low-profile platform.
52. In reference to AT&T's response to interrogatory number 30, break down the main and secondary road coverage gaps by street names for the frequencies noted.
53. In reference to AT&T's response to interrogatory number 32, break down the main and secondary road coverage distances by street names for the frequencies (and heights) noted.
54. Which fuel type would AT&T's portable backup generator have?
55. What would be the expected run time for the portable generator based on its fuel tank capacity?
