RE: **DOCKET NO. 451** – Homeland Towers, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located at the Cheshire Wastewater Treatment Plant, 1325 Cheshire Street, Cheshire, Connecticut. **D&M Plan Revision.**

Dear Attorney Laub:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated October 14, 2015, regarding the revision to the Development and Management (D&M) Plan for the above-referenced site that was approved by the Council on June 25, 2015.

Pursuant to Regulations of Connecticut State Agencies §16-50j-77(b), your request for a change of the tower vendor from Sabre Industries to Ambor Structures and associated foundation to be 33 square feet and terminate 6.5 feet below grade instead of the originally approved 32.5 square foot foundation terminating at 6 feet below grade at the site is hereby approved.

This approval applies only to the D&M Plan revision dated October 14, 2015. Any significant changes to the D&M Plan require advance Council notification and approval.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-77.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Acting Executive Director
