RE: **DOCKET NO. 466** - The Connecticut Light & Power Company d/b/a Eversource Energy Certificate of Environmental Compatibility and Public Need for the Frost Bridge to Campville 115-kilovolt (kV) electric transmission line project that traverses the municipalities of Watertown, Thomaston, Litchfield, and Harwinton, which consists of (a) construction, maintenance and operation of a new 115-kV overhead electric transmission line entirely within existing Eversource right-of-way and associated facilities extending approximately 10.4 miles between Eversource's existing Frost Bridge Substation in the Town of Watertown and existing Campville Substation in the Town of Harwinton; (b) related modifications to Frost Bridge Substation and Campville Substation; and (c) reconfiguration of a 0.4 mile segment of two existing 115-kV electric transmission lines across the Naugatuck River in the Towns of Litchfield and Harwinton within the same existing right-of-way as the new 115-kV electric transmission line.

Dear Ms. Taylor:

Pursuant to Regulations of Connecticut State Agencies §16-50j-62 (b) and in response to your email of November 17, 2017, the Connecticut Siting Council (Council) staff hereby approves a change to the Development and Management (D&M) Plan for the above-referenced project to allow substation equipment testing at the Campville Substation during scheduled outages on the following Sundays: November 19, November 26, December 3, and December 10, 2017 from 7 AM to 7 PM. Work will be limited to the substation control house and will not consist of "noisy" activities.

This approval applies only to additional work hours requested in your email of November 17, 2017. Any additional changes to the D&M Plan require advance notification and approval in accordance with the Council's approval of the D&M Plan on September 15, 2016. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies § 16-50j-62.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes §16-50u.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Executive Director

MB/RM

Subject: Docket No. 466: Proposed Sunday Work at Campville Substation (11/19-12/10)

Docket No. 466: Frost Bridge to Campville 115-kV Project
Development & Management Plan Change Notice Request:
Proposed Sunday Work at Campville Substation

Dear Ms. Bachman:

Pursuant to the Connecticut Siting Council's (Council) approval letter for the above Docket's Development and Management (D&M) Plan for the Construction of the Frost Bridge to Campville 115-kV Project (Project) Modifications to the Frost Bridge Substation and Campville Substation, The Connecticut Light and Power Company doing business as Eversource Energy (Eversource) requests that the Connecticut Siting Council (Council) staff review and approve work only at Campville Substation, from 7 AM to 7 PM, on the following Sundays: November 19 and 26 and December 3 and 10, 2017.

Eversource requests the Sunday work to complete the testing of the Project modifications within the Project's approved outage sequence. All of the work will be performed within the substation control house. Further, none of the work will constitute "noisy work".

Eversource has notified the Town of Harwinton and will notify the abutters prior to the start of the work of the proposed Sunday work hours.

Should you have any questions regarding this submission, please do not hesitate to contact Kathleen Shanley via e-mail at kathleen.shanley@eversource.com or telephone at (860) 728-4527.
