RE: **DOCKET NO. 474** - The Connecticut Light & Power Company d/b/a Eversource Energy Certificate of Environmental Compatibility and Public Need for the Greater Hartford-Central Connecticut Reliability Project that traverses the municipalities of Hartford, West Hartford, and Newington, which consists of (a) construction, maintenance and operation of a new 115-kilovolt (kV) electric transmission line within existing Eversource, Amtrak and public road rights-of-way and associated facilities extending overhead approximately 2.4 miles and underground approximately 1.3 miles between Eversource's existing Newington Substation in the Town of Newington and existing Southwest Hartford Substation in the City of Hartford; (b) modifications to a .01 mile section within existing Eversource right-of-way of the existing overhead 115-kV electric transmission line connection to the Newington Substation (Newington Tap); and (c) related modifications to Newington Substation and Southwest Hartford Substation. **D&M Plan Work Hours Extension.**

Dear Ms. Taylor:

Pursuant to Regulations of Connecticut State Agencies §16-50j-62 (b) and in response to your email of May 2, 2019, the Connecticut Siting Council (Council) staff hereby approves a temporary change to the Development and Management (D&M) Plan to allow construction activities associated with the completion of drilled shaft foundations to occur from 7 AM to 9 PM on May 2, 3 and 4, 2019 at the Southwest Hartford Substation. Due to existing soil conditions at the substation, concrete pours must be completed within one day to avoid compromising the drilled hole.

This approval applies only to the temporary additional work hours requested in your email of May 2, 2019. Any additional changes to the D&M Plan require advance notification and approval in accordance with the Council's approval of the D&M Plan on August 31, 2018. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-62.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman  
Executive Director

MB/MP

**To:** CSC-DL Siting Council  
**Cc:** Shanley, Kathleen M  
**Subject:** Docket No. 474: Extended Work Hours Request (May 2 - 4)

Dear Melanie Bachman:

Eversource is requesting approval from Connecticut Siting Council staff for an extension of work hours (7 AM to 9 PM) on May 2, 3 and 4. The extended hours are requested as a contingency to complete drilled shaft foundations at the Southwest Hartford Substation. Due to the existing soil conditions at the substation, the concrete pours have to be completed within one day to avoid compromising the drilled hole.

The City of Hartford has been notified and abutters will be notified in advance of the proposed work schedule.

Should you or staff have any questions regarding this submission, please do not hesitate to me.

Thank you,

Helen M. Taylor, MBA  
Project Siting Specialist  
56 Prospect Street  
Hartford, CT 06103
