RE: Petition No. 483: Pequonnock Substation Rebuild Project
Monthly Construction Status Report – April 2024

Dear Ms. Bachman,

Pursuant to the Regulations of Connecticut State Agencies section 16-50j-62(b)(3) and as described in the Pequonnock Substation Rebuild Project D&M Plan approval, dated August 28, 2020, The United Illuminating Company hereby provides to the Connecticut Siting Council (“Council”) this Construction Progress Report for the month of April 2024.

Should you or the Council members have any questions regarding this submission, please do not hesitate to contact me via e-mail at jvan@uinet.com or telephone (860) 634-4934.

Sincerely,

Jasun Van Horn

PROJECT SUMMARY

Substation

GIS/Control Building relay and equipment testing and commissioning efforts continue in preparation for the upcoming line cutover outages. Additionally testing completed on lines actively being cutover from the Old station to New. Distribution feeder cutovers from old Pequonnock to new Pequonnock are in progress.

Underground Transmission

Contractor will remobilize in Q2 of 2024 to complete Phase II - installation of HPGF cable piping.

Outside XLPE steel installation is approximately 50% complete.

Overhead Transmission

Work continued with the completion of a second transmission line cutover complete and another partially built and temporarily installed into the Old Pequonnock terminal as part of construction phasing.

D & M Deviations

No deviations to the D&M Plan during this time.
