Re: Docket No. 487– Application of Homeland Towers, LLC and New Cingular Wireless PCS, LLC d/b/a AT&T for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance, and Operation of a Telecommunications Facility at 183 Soundview Lane, Town of New Canaan, Connecticut

Dear Executive Director Bachman:

This letter is respectfully submitted on behalf of our clients, Homeland Towers, LLC and New Cingular Wireless PCS, LLC d/b/a “AT&T”, in connection with the captioned Facility for which the Siting Council issued a Certificate of Environmental Compatibility and Public Need to Homeland Towers, LLC in Docket 487 (“Certificate”).

Condition 9 of the Decision and Order dated September 24, 2020 required the approved facility to be fully constructed and providing wireless services within eighteen months from the date of the mailing of the Council’s Findings of Fact, Opinion, and Decision and Order.

Homeland Towers constructed the Facility approved in this docket and AT&T installed its wireless facility. AT&T recently learned the fiber backhaul required to make its facility operational is delayed. At this time, AT&T anticipates that its facility will be operational by the end of May. Accordingly, a six-month extension to September 29, 2022 of the Certificate issued in this docket is respectfully requested. In accordance with condition 11 of the Decision and Order, notification will be provided regarding the commencement of facility operation.

Should Council members or Staff have any questions regarding the foregoing please do not hesitate to contact me. Thank you for your consideration of this request.

Very truly yours,

A handwritten signature in cursive script that reads 'Lucia Chiochio'.
