Re: **Docket No. 265A – Application of Dominion Nuclear Connecticut, Inc. to Modify Siting Council Certificate (Docket No. 265) for the Existing Independent Spent Fuel Storage Installation (Dry Storage System) at Millstone Power Station, Rope Ferry Road, Waterford, Connecticut**

Dear Chairman Stein:

I write on behalf of Dominion Nuclear Connecticut, Inc. (“DNC”), regarding the Council’s pending decision in the above-referenced docket. DNC understands that the delays associated with the Council’s hearing process will cause the Council to exceed the six month time period within which a decision on this matter must, by statute, be made. Consistent with the provisions of Section 16-50p of the General Statutes, DNC consents to an extension of the Council’s decision-making time period through May 31, 2013.
