Dear Ms. Roberts:

This letter provides the response of PSEG New Haven LLC ("PSEG") to the request of the Connecticut Siting Council (the "Council") contained in the pre-hearing memorandum dated November 18, 2010.

Specifically, PSEG advises the Council that it is not filing pre-filed testimony, interrogatory requests, exhibits or requests for administrative notice.

By way of a witness list, the following consists of the PSEG witness panel that will be presented at the hearing:

Kenneth J. Daleda, Director, Support Engineering
Mukesh V. Shukla, Project Engineering Manager
Michael V. Stagliola, Power Plant Manager, New England

We have filed an original and fifteen (15) copies of this letter and e-mailed a PDF version as per the instructions.

Please contact the undersigned with any questions.

Very truly yours,

Stephen J. Humes
