**RE: Docket No. F-2014/2015 - CGS Section 16-50r Input to Forecast of Loads and Resources: Bridgeport Energy LLC**

Dear Melanie Bachman:

Pursuant to, and to the extent required of persons that generate electric power by, Connecticut General Statute §16-50r, as amended, Bridgeport Energy LLC (Bridgeport) hereby submits the enclosed Annual Report of Forecast of Loads and Resources (Annual Report).

The original and 12 copies of Bridgeport's Annual Report are enclosed. Should you have any questions or require any further information, please contact me at Ph: 203-332-8684 or Cell: 203-913-0358.

Respectfully submitted,

Paul Warren  
Plant Manager, Bridgeport Energy LLC

Enclosure

- A tabulation of estimated peak loads, resources and margins for each year.

N/A.

- Data on energy use and peak loads for the five preceding calendar years. Net MWH generated:

2010	3,292,723
2011	2,174,284
2012	2,909,516
2013	3,027,663
2014	2,540,192

- A list of existing generating facilities:

Bridgeport Energy LLC, a wholly-owned, indirect subsidiary of Emera Energy, is an independent power producer that has been granted exempt wholesale generator status and market-based rate authority by the Federal Energy Regulatory Commission. Bridgeport Energy LLC, located at 10 Atlantic Street, Bridgeport, is a 540 MW combined cycle power generating plant that utilizes pipeline natural gas.

- A list of scheduled generating facilities for which property has been acquired, for which certificates have been issued and for which certificate applications have been filed.

N/A

- A list of planned generating units at plant locations for which property has been acquired, or at plant locations not yet acquired, that will be needed to provide estimated additional electrical requirements and the location of such facilities.

N/A

- A list of planned transmission lines on which proposed route reviews are being undertaken or for which Certificate applications have been filed.

N/A
