RE: **DOCKET NO. 187A** – Milford Power Company LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of the proposed Milford Power Project located off of Oronoque Road in Milford, Connecticut. **Compliance with Decision and Order Condition No. 1(b) - Request for Temporary Variance on Total Annual Average Use of Potable Water.**

Dear John Conroy:

At a public meeting of the Connecticut Siting Council (Council) held on January 8, 2026, the Council considered and approved the December 17, 2025 Request for a Temporary Variance of the 15% limit on total annual average use of potable water as a primary cooling source for the above-referenced facility due to a leak in the pipe that occurred on December 16, 2025, to avoid any unnecessary delay or curtailment of facility operations in accordance with Condition No. 1(b).

This approval applies only to the request for a temporary variance submitted on December 17, 2025. Please be advised that deviations from the standards established in the Council's Decision and Order and D&M Plan approvals are enforceable under the provisions of Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie A. Bachman".

Melanie A. Bachman
