**Subject:** Transfer of Certificate

Good morning, Ms. Wakefield.

Attached please find correspondence received by the Siting Council from counsel for CTI Towers indicating in the last set of bullets that the Certificate for the tower located at 413 Plain Hill Road in Norwich, CT (Docket No. 30) was sold to InSite Wireless Group, LLC on April 1, 2015. At that time, the Siting Council did receive requests to transfer the certificates of several Comcast-owned towers to InSite Wireless, but we have no record of a request to transfer the Certificate for Docket No. 30. In order to accomplish the transfer of this certificate, we would need confirmation from InSite Wireless that the entity agrees to comply with the terms, conditions and obligations in the Certificate.

Here is a link to the decision in Docket No. 30 from November 1982: <http://www.ct.gov/csc/lib/csc/doc30d&o.pdf>

We would like to place this matter on our agenda for March 16, 2017. If you have any questions, please feel free to contact me at your convenience.

Thanks. Have a great day.

Melanie
