Ms. Melanie Bachman, Executive Director
Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

RE: Docket No. 3B – Derby Junction to Ansonia 115-kV Transmission Line Rebuild Project,
Quarterly Construction Status Report – Q3 2024

Dear Ms. Bachman,

Pursuant to the Regulations of Connecticut State Agencies section 16-50j-62(b)(3) and as described in the Derby Junction to Ansonia 115-kV Transmission Line Rebuild Project Decision & Order dated October 27, 2022, The United Illuminating Company hereby provides to the Connecticut Siting Council (“Council”) this Construction Progress Report for the third quarter of 2024.

Should you or the Council members have any questions regarding this submission, please do not hesitate to contact me via e-mail at jvan@uinet.com or telephone at (860) 634-4934

Sincerely,

A handwritten signature in black ink that reads 'Jasun Van Horn'.

QUARTERLY CONSTRUCTION STATUS REPORT**

Quarter: Q3 2024

Report #3

PROJECT SUMMARY

Pre-Construction Activities

Pre-construction activities completed include survey/staking of construction work areas, vegetation clearing limits demarcation, confirmation/reflagging of environmental resources on an as-needed basis, the installation of E&S controls, and utility location/marketing.

Construction Activities

Construction activities completed included vegetation clearing, the establishment and/or maintenance of work pads, the establishment and maintenance of temporary and/or permanent access roads, installation/maintenance of erosion and sediment controls, drilling and concrete pour pole foundations, and temporary restoration of limited areas.

Minor D & M Deviations

Minor D&M Deviations completed in the third quarter of 2024 include the following:

- **Notification of Sunday Work:** The notification for the intermittent limited construction activities work on Sundays, is due to the delay in project schedule from weather events, easement or community requirements, and/or other unforeseen issues. Prior to conducting Sunday activities, notification will be provided to the affected landowner(s). All Sunday work will occur between the hours of 7am to 5 pm. In addition, if Sunday work will occur in a sensitive or busy area such as a public road, UI will provide the council with additional advanced notification.
- **Modification to Limited Working Hours/Days Associated with P360:** The limited basis construction activity work hour extension, including Sunday work on 8/11/2024, was due to the easement agreement that was signed with the property owner and the work completion date of 8/13/2024. The location of the work was in a commercial/business zone and not directly located near residential homes.
