RE: Docket No. 323 Omnipoint/Bolton – Sprint's Responses to Interrogatories Set Two

Dear Mr. Phelps:

Enclosed for filing in this matter are an original and 15 copies of Sprint Nextel Corporation's Responses to Interrogatories Set Two. An electronic copy has been e-mailed to Ms. Fontaine, Ms. Mulcahy and Ms. Lepage. Please do not hesitate to contact me with any questions.

Very truly yours,

BROWN RUDNICK BERLACK ISRAELS LLP

40239691 v1 - MERCIECM - 026122/0006

**STATE OF CONNECTICUT
CONNECTICUT SITING COUNCIL**

MCF Communications bg, Inc. and Omnipoint : **Docket No. 323**
Communications, Inc. application for a Certificate of :
Environmental Compatibility and Public Need for the :
construction, maintenance and operation of a :
telecommunications facility located at 12 Carpenter :
Road, Bolton, Connecticut. : March 8, 2007

SPRINT NEXTEL CORPORATION'S RESPONSES TO INTERROGATORIES
SET TWO

12. Provide isolated radio frequency propagation plots for each of the alternative sites shown in Council Exhibit 1, at Sprint Nextel's minimum signal threshold and at a scale of 1:50,000. Please provide separate plots for cellular and PCS frequencies.

Attached are the following plots:

- A) Liberty Candle – 175'
- B) Quarry North – 200'
- C) Quarry West – 200'
- D) Birch Mountain Water Tank – 120'
- E) DOT Garage – 190'
- F) Box Mountain – 190'
- G) Paggioli Farm – 200'
- H) Green Hill Water Tank – 120'

13. At what height at each of the potential sites on Council Exhibit 1 would Sprint Nextel provide adequate coverage to the target area in Bolton?

Only two of the candidates from Council Exhibit 1 would potentially provide adequate coverage for Sprint: the Liberty Candle site at 175' and the DOT Garage site at 190'. Both of those heights are significantly higher than Sprint's proposed height of 120' at the Carpenter Road site, and would therefore be expected to have a greater visual impact on the surrounding community.

14. Would a combination of any two potential sites on Council Exhibit 1 eliminate Sprint Nextel's need for the proposed site?

For Sprint, it would take three of the alternate sites to provide the coverage Sprint will gain with the proposed Carpenter Road site. The only potential combination of Council Exhibit 1 sites that work for Sprint is: the Liberty Candle site at 120' with the DOT Garage site at 120' with either the Green Hill Water Tank at 120' or the Birch Mountain Water Tank at 120'.

Respectfully submitted,
Sprint Nextel Corporation
