Sprint Nextel Corporation's Application for a
Certificate of Environmental Compatibility and Public
Need for the Construction, Maintenance and
Operation of a Wireless Telecommunications Facility
at 150 Willow Street, Hamden, Connecticut.
: January 26, 2007
Docket No. 324

SPRINT NEXTEL CORPORATION'S RESPONSES TO INTERROGATORIES

1. On Tab 11 of Sprint Nextel Corporation's (Sprint) Application for a Certificate of Environmental Compatibility and Public Need (Application), coverage plots are provided to show the existing coverage and the coverage with the proposed antennas centered at 157'. Provide two coverage plots (using the scale provided) assuming the antennas are located at 147' and 137', respectively?
Plots at a height of 137', 147' and 157' (Sprint's proposed height) are attached. The attached plot at 157' supersedes the plot provided under Tab 11 in the Application.
2. What is the minimum tower height that would satisfy Sprint's coverage needs?
Sprint has determined after careful analysis that it will need a minimum antenna centerline of 157'.
3. What is Sprint's existing signal strength in the area that would be covered by this facility?
Sprint's existing signal strength is below -92 dBm in the majority of the area that Sprint is seeking to cover with this site.
4. What is the minimum signal level Sprint would consider acceptable for service in the vicinity of the proposed site?
In this area, Sprint considers the minimum acceptable signal level for in-vehicle coverage to be -92 dBm and -87 dBm for in-building coverage.
5. What is the minimum signal level that Sprint requires in order to provide adequate in-vehicle coverage?
-92 dBm.
6. Identify adjacent facilities with which the proposed facility would hand-off traffic.

CT33XC530 – Wallingford Water Tank (approx. 2.9 miles northeast of the proposed site)
CT33XC044 – off Mountain Road, Cheshire (approx. 3 miles north of the proposed site)
CT33XC531 – Smoke Stack, Hamden (approx. 2 miles south of the proposed site)
CT33XC513 – TV Tower (approx. 3 miles southwest of the proposed site)

7. Identify the area (in square miles) that would be covered by the proposed facility. This site will provide approximately 4.5 square miles of improved coverage.
8. Approximately how long (in miles) is the existing coverage gap on Route 10? Approximately how far (in miles) would the proposed facility cover on Route 10? The existing coverage gap along Route 10 is approximately 2.8 miles. The proposed site will fill this gap.
9. How many trees with a diameter greater than six inches at breast height would be removed during the development of the proposed access road and compound at the proposed site? Approximately twenty trees with a diameter greater than six inches will need to be removed during the development of the compound (15) and access road (5).
10. How many residences are within a 1,000 foot radius of the proposed facility? There are 27 residences within a 1,000-foot radius of the facility.
11. Provide the address of the residence closest to the proposed site. Also, provide the distance and direction to that home, relative to the proposed tower. The residence closest to the site is 221 Willow Street, owned by Allan Rubin and Corrine Carol. Their residence is to the north of the tower, approximately 406 feet away.
12. Calculate the amounts of cut and fill that would be required to develop this facility. The amount of cutting required is approximately 501 cubic yards. The amount of fill is approximately 397 cubic yards.
13. Would any blasting be required at the proposed site? No.
14. Is the site located within a flood zone (e.g. 100 yr, 500 yr)? No.

15. On Tab 9, drawing Z2 of the Application, the tower setback radius (fall zone) appears to overlap the existing CL&P easement. By how many feet does the fall zone overlap the CL&P easement? If required by the Council, could the tower be shifted north to keep the fall zone off of the CL&P easement? Alternatively, if required by the Council, could the tower be designed with a yield point to keep the fall zone off of the CL&P easement. The fall zone of the proposed monopole overlaps the CL&P easement by 27.5 feet. Sprint is willing to engineer a specific break point on the monopole so the fall zone will stay outside of the CL&P easement.

The alternative is to shift the monopole slightly north to keep the fall zone out of the CL&P easement. That would require the lease area be shifted north as well. Sprint has obtained the property owner's permission to move the lease area slightly, if necessary.

However, Sprint would prefer that there be an engineered break point on the monopole versus relocating the monopole and compound.

16. Approximately how tall are the three NU power mount structures that were considered on page 9 of the Application? Is the Applicant aware that the adjacent CL&P transmission line right of way is being rebuilt with new structures? What would be the height and type of the new structures?

The height of all the structures considered for the Application are as follows:

Site	Height	Location	Evaluation
CT54XC773-01	80'	150 Willow Street Hamden	Does not satisfy all coverage objectives.
NU Power Mount			
CT54XC773-02	80'	450 Turtle Ave. Rear Hamden	Does not satisfy all coverage objectives.
NU Power Mount			
#2466			
CT54XC773-03	80'	450 Turtle Ave. Rear Hamden	Does not satisfy all coverage objectives.
NU Power Mount			
#2465			
CT54XC773-04	80'	Old Lane Road Cheshire	Does not satisfy all coverage objectives.
NU Pole			
FD Whip	50	King Road Cheshire	Does not provide the required coverage to Rt. 10.
NU Pole #1	45' H-Mount	Brooksvale Avenue Hamden	Does not provide the required coverage to Rt. 10 to the south of the site.
NU Pole #2	80'	Gaylord Mountain Rd. Hamden	Does not provide the required coverage to Rt. 10 to the north of the site.
NU Pole #3	70'	Cook Hill Road Cheshire	Does not provide the required coverage to Rt. 10.
NU Pole #4	80'	Mansion Road Wallingford	Does not provide the required coverage to Rt. 10.
Golf Range Poles	45'	Brooksvale Avenue Hamden	Does not provide the required coverage to Rt. 10 to the south of the site.
NU Pole #5	80'	Turtle Avenue Wallingford	Does not provide the required coverage to Rt. 10.
Silo	60'	Kenwood Road Hamden	Does not satisfy all coverage objectives.
Quinnipiac University Building	60'	Hogan Road Hamden	Does not satisfy all coverage objectives.
Cingular Flagpole at Quinnipiac University	70'	New Road Hamden	Does not satisfy all coverage objectives.
Old AT&T Tower	80'	Higgins Road Cheshire	Does not provide the required coverage to Rt. 10.

Sprint is aware that CL&P is rebuilding the adjacent transmission line right of way with new structures. Therefore, given the possibility of a height increase, Sprint re-evaluated the CL&P transmission lines and determined that there were three transmission line locations that could potentially meet Sprint's coverage needs.

The first possibility is to attach Sprint's antennas to the new transmission towers to be located on the current proposed site, owned by the Hamden Fish & Game Protective. However, CL&P's easement on the subject property does not permit the right of way to be used for telephone and telecommunications purposes. The easement is attached for the Council's reference.

The transmission towers on the second location, Old Lane Road in Cheshire, are land locked. In order to obtain access to the CL&P right of way to install antennas on the transmission towers, Sprint would need to obtain easements over three separate parcels from three different property owners. Although Sprint repeatedly attempted to contact the landowners to inquire as to whether they were interested, Sprint was unsuccessful in getting any response from the property owners.

The third location is CL&P pole (#5215) at 4286 Whitney Avenue in Hamden. This 120-foot pole was designed to accommodate two wireless carriers, and both Cingular and T-Mobile are already planning to locate on that pole.

To the best of Sprint's understanding, the earliest possible date for completion of the new transmission tower construction in this area is August 2007.

17. Connecticut General Statutes § 16-50(c) states that "The applicant shall submit into the record the full text of the terms of any agreement, and a statement of any consideration therefore, if not contained in such agreement, entered into by the applicant and any party to the certification proceeding, or any third party, in connection with the construction or operation of the facility. This provision shall not require the public disclosure of proprietary information or trade secrets." Provide copies of any such agreements, if applicable.

Attached is a copy of the lease.

Respectfully submitted,
Sprint Nextel Corporation

2. Term. The term of this Agreement (the "Initial Term") is 5 years, commencing on the first day of the month following the date that both Owner and Sprint have executed this Agreement ("Lease Commencement Date"). This Agreement will be automatically renewed for 4 additional terms of 5 years each (each a "Renewal Term"), unless Sprint provides Owner with notice of its intention not to renew not less than 90 days prior to the expiration of the Initial Term or any Renewal Term.

3. Rent. (a) Owner acknowledges receipt of the one-time aggregate payment of _____ which is the entire rent due for the period from the Lease Commencement Date until the Rent Commencement Date. The Rent Commencement Date is defined as the earliest of the following to occur: (a) the first day of the month that is 30 days after the issuance of the building permit to Sprint, or (b) the first day of the month that is 60 days after the date Sprint commences construction of the Facilities at the Site. Owner agrees to cooperate with Sprint with respect to obtaining any required zoning or other governmental approvals for the Site, the Facilities and contemplated use thereof. Upon termination or expiration of this Agreement Sprint may, but is not obligated to, remove the Facilities.

8. Compliance with Laws. Owner represents and warrants to Sprint that Owner's property (including the Site) and all improvements located thereon, are in substantial compliance with building, life/safety, disability, and other laws, codes and regulations of applicable governmental authorities. Likewise, Owner will not permit or suffer the installation of any equipment after the Lease Commencement Date that (a) results in technical interference problems with the Facilities, or (b) encroaches onto the Site.

10. Utilities. Owner represents and warrants to Sprint that all utilities adequate for Sprint's intended use of the Site are available at or near the Site. Sprint will pay for all utilities used by it at the Site. (Owner will grant any easement(s) or other instrument(s) reasonably required by Sprint for the utility use of the Site throughout the Initial Term and each Renewal Term. If there is a loss of electrical service at the Site, Sprint may, at its expense, install and maintain a temporary generator and fuel storage tank at the Site or the property adjacent to the Site at the location depicted in Exhibit A.

11. Termination. Notwithstanding any provision contained in this Agreement to the contrary, Sprint may, in Sprint's sole and absolute discretion and at any time and for any or no reason, terminate this Agreement without further liability by delivering prior written notice to Owner.

If either party is in default under this Agreement for a period of 30 days following receipt of written notice from the non-defaulting party, the non-defaulting party may pursue any remedies available to it against the defaulting party at law and in equity, including, but not limited to, the right to terminate this Agreement. If a non-monetary default cannot reasonably be cured within a 30-day period, Sprint commences action to cure the default. If the defaulting party commences action to cure the default within the 30-day period and proceeds with due diligence to fully cure the default, indemnities and agrees to defend the other against and holds the other harmless from any and all costs (including reasonable attorneys' fees) and claims of liability or loss which arise out of the ownership, use and occupancy of the Site by the indemnifying party. This indemnity does not apply to any claims arising from the negligence or intentional misconduct of the indemnified party. The indemnity obligations under this Section will survive termination of this Agreement.

14. Hazardous Substances. Owner represents and warrants to Sprint that it has no knowledge of any substance, chemical or waste on the Site that is identified as hazardous, toxic or dangerous (collectively, "Substance") in any applicable federal, state or local law or regulation. 15. Subordination and Non-Disturbance. This Agreement is subordinate to any mortgage or deed of trust of record against the Site as of the Lease Commencement Date. Promptly after this Agreement is fully executed, however, Owner will obtain a non-disturbance agreement in a form reasonably acceptable to Sprint from the holder of any mortgage or deed of trust.

16. Property Taxes. Sprint will pay Owner any increase in Owner's real property taxes that is directly and solely attributable to improvements to the Site made by Sprint. (Owner must pay prior to delinquency, all property taxes).

18. Maintenance. Sprint will be responsible for repairing and maintaining the Facilities and any other improvements installed by Sprint at the Site in a proper operating and reasonably safe condition; provided, however, if any repair or maintenance is required due to the acts or omissions of Owner, its agents, contractors or employees, Owner will promptly reimburse Sprint for the reasonable costs incurred by Sprint to restore the damaged areas to the condition which existed immediately prior thereto. To PCS Agreement

1) Section 2 (Term) is hereby amended by deleting the last sentence and adding the following sentence thereof:

This Agreement will be automatically renewed for 4 additional terms of 5 years each (each a "Renewal Term"), unless Sprint provides Owner with notice of its intention not to renew not less than six (6) months prior to the expiration of the Initial Term or any Renewal Term.

2) Notwithstanding anything set forth in Section 3 (Rent) of the Agreement, the rent due for each year will be increased annually on the anniversary of the Lease Commencement Date to an amount equal to the amount of the monthly or annual installment of rent payable during the previous year increased by the greater of:

(a) ; or

(b) the percent change in CPI for the time period commencing on the month which is two calendar months prior to the first day of the previous year and ending on the month which is two calendar months before expiration of the previous year.

The calculation used to determine percent change in CPI will be as follows:

$$[(\text{Re-evaluation Index CPI} - \text{Base Index CPI}) / \text{Base Index CPI}] \text{ multiplied by } 100$$

As used herein:

"Base Index CPI" is the CPI for the month which is two calendar months before the anniversary of the Lease Commencement Date for the previous Term.

"Re-evaluation Index CPI" is the CPI for the month which is two calendar months before the expiration date of the previous Term.

"CPI" means the Consumer Price Index-New England, City Averages for Urban Wage Earners and Clerical Workers (1982-84=100), also referred to as "CPI-W", published by the United States Department of Labor, Bureau of Labor Statistics (or a reasonably equivalent index if such index is discontinued).

Notwithstanding anything contained herein to the contrary, in the event the Rent Commencement date has not commenced within 15 months from the execution of this Agreement, Sprint shall elect to commence rental payments or terminate the agreement. Sprint shall proceed with due diligence and use its best efforts to obtain all necessary approvals and permits.

3) Section 5 (Assignment/Subletting) of the foregoing Agreement is hereby deleted in its entirety and the following is inserted in its place:

Assignment/Subletting. The following terms shall have the following meanings for purposes of this Agreement:

"Affiliate" shall mean any subsidiary or successor legal entity, or any party controlling, controlled by, or under common control with SSLP, or any party which acquires substantially all of the assets of SSLP, or any entity that is authorized by SSLP to sell telecommunications products or services under the "Sprint" or "Sprint PCS" brand name or any successor brand name(s).
