**Re: *Docket No. 400- Cellco Partnership d/b/a Verizon Wireless application for a Certificate of Environmental Compatibility and Public need for the construction, maintenance and operation of a telecommunications facility located at 343 Daleville Road, Willington, Connecticut. Transfer of Certificate***

Dear Attorney Bachman:

On October 4, 2012, the Connecticut Siting Council ("Council") granted a twelve (12) month extension for construction and operation of the proposed telecommunications facility ("Facility") in the above-captioned docket to February 2, 2014. Construction of the Facility has not been completed, therefore, Construction Services Towers ("CST") respectfully requests a six (6) month extension of time until August 2, 2014, in which to comply with the Council's D&O.

Very truly yours,

  
Julie D. Kohler
