Hartford, CT 06141-0270

RE: **DOCKET NO. 461A** - Eversource Energy Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 115-kilovolt (kV) bulk substation located at 290 Railroad Avenue, Greenwich, Connecticut, and two 115-kV transmission circuits extending approximately 2.3 miles between the proposed substation and the existing Cos Cob Substation, Greenwich, Connecticut, and related substation improvements.

Dear Ms. Bellion:

Pursuant to Regulations of Connecticut State Agencies §16-50j-62 (b) and in response to your email of February 7, 2020, the Connecticut Siting Council (Council) staff hereby approves a temporary change to the Development and Management (D&M) Plan for three additional work hours per day (6 PM to 9 PM), beginning on February 10 and extending through February 13, 2020. The additional hours are necessary to complete installation of an underground distribution line that extends from a vault within the Greenwich Substation to a point beneath the sidewalk on the south side of Railroad Avenue.

This approval applies only to the temporary additional work hours requested in your email of February 7, 2020. Any additional changes to the D&M Plan require advance notification and approval in accordance with the Council's approval of the D&M Plan on March 29, 2019. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-62.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

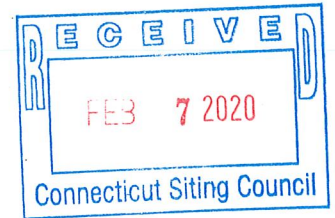

Sincerely,

Melanie Bachman
Executive Director

Subject: Docket 461A, Greenwich Substation D&M Plan; Request for Extended Work Hours: Greenwich Substation Property and Railroad Ave Sidewalk; 2/10-13/20

Dear Ms. Bachman:

In accordance with Section F.2 of the above-referenced D&M Plan, Eversource Energy (Eversource) requests that the Connecticut Siting Council staff approve extended work hours to allow the expeditious installation of a distribution line within Greenwich Substation and extending beneath the sidewalk on the south side of Railroad Avenue. For this work, Eversource seeks extended work hours of 6 PM to 9 PM, from Monday, February 10 through Thursday, February 13. This work will facilitate the eventual installation of the distribution line to a distribution vault, which will be located in Railroad Avenue.

The normal work hours at the substation are from 7 AM to 6 PM, Monday through Friday and the proposed extended work hours will allow the related distribution construction within Railroad Avenue to proceed according with the Project schedule.

Eversource has consulted with representatives of the Town of Greenwich regarding this extended work hour request.

Should you have any questions about this request, please do not hesitate to contact me.

Thank you.
