RE: **PETITION NO. 1042** – Somers Solar Center, LLC Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction and operation of a 5.0 MW AC Solar Photovoltaic Project located at 458 & 488 South Road, Somers, Connecticut. **D&M Plan Change.**

Dear Attorney Miranda:

At a public meeting of the Connecticut Siting Council (Council) held on May 15, 2014, the Council considered and denied your request dated March 6, 2014, to revise the Development and Management (D&M) Plan that was approved by the Council on May 16, 2013, for the selective cutting of 25 emergent white pine trees located within the wetland area that separates Array A from Array B at the project site.

Please be advised that deviations from the plan approved on May 16, 2013, are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Furthermore, the Project Developer is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-62.

Thank you for your attention and cooperation.

Very truly yours,

Robert Stein
Chairman
