RE: **PETITION NO. 942** – The Clear Wireless LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to an existing telecommunications facility located at 82 Lovely Street, Farmington, Connecticut.

I. Introduction

On April 16, 2010, Clear Wireless LLC (Clearwire) submitted a petition to the Connecticut Siting Council (Council) for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need would be required for modifications to an existing telecommunications facility located at 82 Lovely Street, Farmington, Connecticut.

Clearwire proposes to extend the height of an existing 100-foot tower by 15 feet to an overall height of 115 feet in order to install three new panel antennas and 3 microwave dishes at a centerline height of 113 feet. The existing tower is painted brown and all existing antennas are flush mounted. Clearwire would paint the proposed extension and antennas to match the existing tower.
