Docket/Petition No. 980

March 30, 2011

Amended and Supplemental Pre-filed Testimony of Andrey Kamenskiy

The following pre-filed testimony amends and supplements my pre-filed testimony filed on February 16, 2011, in connection with the above-captioned matter.

7. What is the purpose of your supplemental testimony?

The purpose of my supplemental testimony is to correct an error that I made in my initial calculations, which resulted in an inaccurate photo simulation. Once I realized this mistake, I entered the correct calculations in my software and produced a new photo simulation. A copy of the new photo simulation is attached to my testimony. I compared this photo simulation with Mr. Libertine's photo simulation and they appear to be substantially similar.
