CONNECTION TO SITING COUNCIL

Re: PETITION NO. 983 - BNE Energy, Inc. petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 4.8 MW Wind Renewable Generating facility located on Flagg Hill Road, Colebrook, Connecticut.

Dear Ms. Roberts:

BNE Energy, Inc. ("BNE") hereby responds to Connecticut Siting Council's ("the Council") letter of December 14, 2012 concerning decision deadlines for the revised D&M Plan in the above-referenced matter. As you know, in that letter, the Siting Council asked for an extension of the January 2, 2013 decision deadline regarding revisions to the D&M Plan until February 7, 2013. BNE has no objection to this request.

Please contact me if there is any way I can be of further assistance.

Respectfully submitted BNE Energy, Inc.
