**Re: Petition 983 - BNE Energy Inc., Flagg Hill Road, Colebrook, CT**

Dear Ms. Mintel:

Earlier this morning, I received a copy of your November 23, 2011 letter to Linda Roberts, the Executive Director of the Connecticut Siting Council. In that letter, you stated that it had come to your attention that "the site clearing of the property associated with Petition No. 983 may have begun." You then request a copy of the written notice of the commencement of site clearing that BNE Energy Inc. filed with the Siting Council.

I am writing to you to confirm that, as of this writing, site clearing activities have not commenced at the property in question. When site clearing does commence, BNE Energy will provide the Siting Council with written notice of such commencement. Please be assured that we will also provide copies of this notice to those who appear on the Service List for this Petition when we provide it to the Siting Council.

In the future, should you have any questions concerning the activities at the site, please feel free to call me at your convenience. I can be reached at 860-424-4315.

Sincerely,

Lee D. Hoffman
