

**STATE OF CONNECTICUT
CONNECTICUT SITING COUNCIL**

**Petition of BNE Energy Inc. for a
Declaratory Ruling for the Location,
Construction and Operation of a 4.8 MW
Wind Renewable Generating Project on
Winsted-Norfolk Road in Colebrook,
Connecticut (“Wind Colebrook North”)**

Petition No. 984

February 24, 2011

NOTICE OF INTERVENTION AS A PARTY

Stella Somers hereby intervenes in this matter pursuant to General Statutes § 22a-19 and states:

1. Stella and Michael Somers (“Somers”) are individuals residing in Colebrook, Connecticut.
2. Somers is authorized by General Statutes § 22a-19(a) to intervene as a party in this proceeding on the filing of a verified pleading, which statute states, in relevant part:

In any administrative, licensing or other proceeding, and in any judicial review thereof made available by law the Attorney General, any political subdivision of the state, any instrumentality or agency of the state or of a political subdivision thereof, any person, partnership, corporation, association, organization or other legal entity may intervene as a party on the filing of a verified pleading asserting that the proceeding or action for judicial review involves conduct which has, or which is reasonably likely to have, the effect of unreasonably polluting, impairing or destroying the public trust in the air, water or other natural resources of the state.

3. BNE Energy, Inc. (“BNE”) has filed a Petition for a Declaratory Ruling for the Location, Construction and Operation of a 4.8 MW Wind Renewable Generating Project on Winsted-Norfolk Road in Colebrook, Connecticut (“Wind Colebrook North”).

4. This proceeding involves conduct which has, or which is reasonably likely to have, the effect of unreasonably polluting, impairing, or destroying the public trust in the air, water or other natural resources (including acoustic and light) of the state.
5. Wind Colebrook North will unreasonably impair and/or destroy the public trust in the air surrounding the project and the wetlands and watercourses on the proposed site.
6. Wind Colebrook North will also unreasonably impair and/or destroy the public trust in natural resources by causing the clear cutting of acres of land, disturbing or destroying wetlands and watercourses and the wildlife habitat, and killing birds and bats.
7. The plans submitted to the Siting Council indicate that Wind Colebrook North will involve Regulated Activities, and BNE has not received or applied for the required permits approving such activities.
8. The Siting Council has authority over BNE's petition for a declaratory ruling under Section 16-50k of the General Statutes and is holding proceedings regarding that petition.
