Re: Proposed Wind Regulations

The attached review of proposed wind regulations was written by Stephen E. Ambrose, INCE, and Robert W. Rand, INCE, principals of Abrose & Rand Acoustics Consulting. Their review is an additional submission by FairWindCT to its comment on the wind regulations proposed under Public Act 11-245. Their conclusions are given on page 9, and I hope you will take these into consideration.

Sincerely,

Joyce C. Hemingson, Ph.D.
President
FairWindCT, Inc.
