Re: **EM-VER-002-120515 – Cellco Partnership d/b/a Verizon Wireless
1 Deerfield Lane, Ansonia, Connecticut**

Dear Mr. Martin:

On June 1, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 1 Deerfield Lane in Ansonia, Connecticut. The modification involved the replacement of certain antennas and the installation of additional coax cables.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that this condition has been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Baldwin".

Re: Existing Telecommunications Facility Tower Modification Certification Letter

Project: Verizon ~ Ansonia East
1 Deerfield Lane
Ansonia, CT

Tower Owner: SBA Communications Corporation
5900 Broken Sound Parkway NW
Boca Raton, Florida 33487

Engineer: FDH Engineering
2730 Rowland Ave Raleigh, NC 27615

Centek Project No.: 12005.CO46

Dear Mr. Gauger,

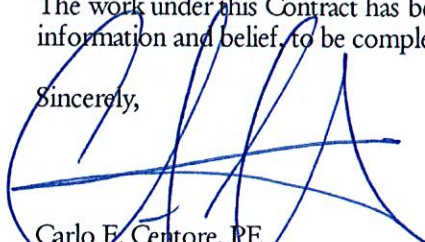

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the design documents prepared by FDH Engineering:

- Review of the FDH structural analysis dated 5/10/2012.
- Field observations by Centek personnel of coax installation on 11/14/2012 which determined all coax lines were installed in general compliance with the recommendations of the structural analysis report prepared by FDH on 5/10/2012.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE
Principal ~ Structural Engineer
