Re: **EM-VER-002-150410 – Cellco Partnership d/b/a Verizon Wireless
1 Deerfield Lane, Ansonia, Connecticut**

Dear Ms. Bachman:

On May 6, 2015, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its telecommunications facility at 1 Deerfield Lane in Ansonia, Connecticut. Cellco's modifications involved the replacement of antennas and remote radio heads.

As a condition of its approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the structural report attached to the exempt modification filing. Attached is a Professional Engineer's evaluation letter verifying that the installation was completed according to that structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: Notice of Completion Certification

Project: Ansonia East CT
1 Deerfield Lane
Ansonia, CT 06401

Engineer: Derek J. Creaser, P.E.
Hudson Design Group LLC
1600 Osgood St. Building 20 North, Suite 3090
North Andover, MA 01845

CSC Exempt Mod Reference No.: EM-VER-002-150410

Dear Mr. Parks,

HDG is providing this "Notice of Completion Certification" with regard to the wireless telecommunications facility installation at the above referenced project.

The following are the basis for submitting compliance with the Construction Drawings prepared by Centek Engineering, Inc.:

- Review of the FDH Structural Analysis prepared for SBA dated April 18, 2014
- Mapping of the Existing Verizon Wireless platform by ProVertic dated June 6, 2017
- Mount Analysis prepared by Hudson Design Group dated July 20, 2017
- Field Observations by Hudson Design Group personnel on April 12, 2017 of the completed installation which determined facility was installed in general compliance with the aforementioned Construction Drawings.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the document(s) referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Respectfully Submitted,
Hudson Design Group LLC

Derek J. Creaser, P.E.
