COMPLETION OF CONSTRUCTION ACTIVITY

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced decisions has been completed. Enclosed please find the revised Statement of Special Inspections form stating that AT&T's installation was in compliance with the drawings.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Very truly yours,

Carolyn Seeley

RE: **EM-AT&T-004-180425** - AT&T notice of intent to modify an existing telecommunications facility located at 324 Montevideo Road, Avon, Connecticut.

Dear Ms. Seeley:

The Connecticut Siting Council (Council) is in receipt of your letter dated October 21, 2019 submitted on behalf of AT&T in response to the Council's notice of noncompliance with conditions August 22, 2019. The Council recommended that Empire Telecom provide documentation certified by a Professional Engineer that AT&T's installation was in compliance with the conditions of approval as indicated in the decision letter.

However, the Statement of Special Inspections form provided does not reference the conditions of approval and does not conclusively state that the project has been completed.

Therefore the notice of completion remains non-compliant. The Council recommends that Empire Telecom provide documentation certified by a Professional Engineer that the construction is in compliance with conditions 1 and 2 of the Council's Decision (attached) on or before November 29, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to November 29, 2019.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

Statement of Special Inspections

Project: *CT1330 – Avon Montevideo Road*
Location: *324 Montevideo Road Avon, CT 06001*
Owner: *T.B.D*

Design Professional in Responsible Charge: *Petros Tsoukalas P.E.*

This *Statement of Special Inspections* is submitted as a condition for permit issuance in accordance with the Special Inspection and Structural Testing requirements of the Building Code. It includes a schedule of Special Inspection services applicable to this project as well as the name of the Special Inspection Coordinator and the identity of other approved agencies to be retained for conducting these inspections and tests. This *Statement of Special Inspections* encompass the following disciplines:

- Structural Mechanical/Electrical/Plumbing

- Architectural Other: (3) New Antennas
(6) New Remote Radio Units (RRUS)

Maser Consulting conducted a review of closeout photos to determine installation compliance with the construction drawings filed for the above referenced site. It was determined that equipment was installed as shown on the construction drawings. Therefore, based on the aforementioned, this site is in compliance with the drawings.

The Special Inspection Coordinator shall keep records of all inspections and shall furnish inspection reports to the Building Official and the Registered Design Professional in Responsible Charge. Discovered discrepancies shall be brought to the immediate attention of the Contractor for correction. If such discrepancies are not corrected, the discrepancies shall be brought to the attention of the Building Official and the Registered Design Professional in Responsible Charge. The Special Inspection program does not relieve the Contractor of his or her responsibilities.

Interim reports shall be submitted to the Building Official and the Registered Design Professional in Responsible Charge.

A *Final Report of Special Inspections* documenting completion of all required Special Inspections, testing and correction of any discrepancies noted in the inspections shall be submitted prior to issuance of a Certificate of Use and Occupancy.

Job site safety and means and methods of construction are solely the responsibility of the Contractor.

Interim Report Frequency:
Prepared by:

Final – at project completion
or ~~per attached schedule.~~

Special Inspection Agencies	Firm	Address, Telephone, e-mail
1. Special Inspection Coordinator		
2. Inspector Petros Tsoukalas	Maser Consulting Connecticut	331 Newman Springs Road Suite 203 Red Bank, NJ 07701 ptsoukalas@maserconsulting.com 973.398.3110, extension 4102
3. Inspector		
4. Testing Agency		
5. Testing Agency		
6. Other		

Note: The inspectors and testing agencies shall be engaged by the Owner or the Owner's Agent, and not by the Contractor or Subcontractor whose work is to be inspected or tested. Any conflict of interest must be disclosed to the Building Official, prior to commencing work.

Quality Assurance Plan

Quality Assurance for Seismic Resistance

Seismic Design Category

Quality Assurance Plan Required (Y/N) *No*

Description of seismic force resisting system and designated seismic systems:

Quality Assurance for Wind Requirements

Basic Wind Speed (3 second gust) *98 mph*

Wind Exposure Category *B*

Quality Assurance Plan Required (Y/N) *No*

Description of wind force resisting system and designated wind resisting components:

Statement of Responsibility

Each contractor responsible for the construction or fabrication of a system or component designated above must submit a Statement of Responsibility.

Qualifications of Inspectors and Testing Technicians

The qualifications of all personnel performing Special Inspection and testing activities are subject to the approval of the Building Official. The credentials of all Inspectors and testing technicians shall be provided if requested.

Key for Minimum Qualifications of Inspection Agents:

When the Registered Design Professional in Responsible Charge deems it appropriate that the individual performing a stipulated test or inspection have a specific certification or license as indicated below, such designation shall appear below the *Agency Number* on the Schedule.

PE/SE	Structural Engineer – a licensed SE or PE specializing in the design of building structures
PE/GE	Geotechnical Engineer – a licensed PE specializing in soil mechanics and foundations
EIT	Engineer-In-Training – a graduate engineer who has passed the Fundamentals of Engineering examination

American Concrete Institute (ACI) Certification

ACI-CFTT	Concrete Field Testing Technician – Grade 1
ACI-CCI	Concrete Construction Inspector
ACI-LTT	Laboratory Testing Technician – Grade 1&2
ACI-STT	Strength Testing Technician

American Welding Society (AWS) Certification

AWS-CWI	Certified Welding Inspector
AWS/AISC-SSI	Certified Structural Steel Inspector

American Society of Non-Destructive Testing (ASNT) Certification

ASNT	Non-Destructive Testing Technician – Level II or III.
------	---

International Code Council (ICC) Certification

ICC-SMSI	Structural Masonry Special Inspector
ICC-SWSI	Structural Steel and Welding Special Inspector
ICC-SFSI	Spray-Applied Fireproofing Special Inspector
ICC-PCSI	Prestressed Concrete Special Inspector
ICC-RCSI	Reinforced Concrete Special Inspector

National Institute for Certification in Engineering Technologies (NICET)

NICET-CT	Concrete Technician – Levels I, II, III & IV
NICET-ST	Soils Technician - Levels I, II, III & IV
NICET-GET	Geotechnical Engineering Technician - Levels I, II, III & IV

Exterior Design Institute (EDI) Certification

EDI-EIFS	EIFS Third Party Inspector
