Hi Lisa -

I've reviewed the list of non-compliant sites with my folks and have attached the preliminary results.

The sites that are complete, have the compliance date populated.

The remainder will need an extension and we will get those submitted quickly. You can ignore my notes. They are just there for my benefit.

You will also start seeing letters of completion on all of our sites as they become compliant. Should we email those to you, or to someone else?
Or do you prefer hard copies sent via mail?

Have a great weekend, Lisa. Please don't hesitate to give me a call if you have any questions.

Thank you,
Jeanne
