RE: **EM-T-MOBILE-007-211115** - T-Mobile notice of intent to modify an existing telecommunications facility located at 1684 Chamberlain Highway, Berlin, Connecticut.

EM-T-MOBILE-045-211117 - T-Mobile notice of intent to modify an existing telecommunications facility located at 93 Roxbury Road, East Lyme, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) received notices of intent to modify the above-referenced facilities on November 15, and November 17, 2021.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed these exempt modification requests for completeness and has identified a deficiency in the submittals. No construction drawings are included with these requests for exempt modification.

Therefore, these exempt modification requests are incomplete at this time. The Council recommends that Crown Castle provide construction drawings for the proposed equipment that is stamped and signed by a professional engineer duly licensed in the State of Connecticut on or before January 28, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to January 28, 2022. **Please provide an electronic version and one hard copy of the response for the incomplete request to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,
