Hawthorne, NY 10532

Dear Ms. Zucaro:

This is in response to your letter of March 23, 2011 in which you inquired about the need to notify the Connecticut Siting Council (Council) about MetroPCS' plans to install an additional radio cabinet at a number of sites for which MetroPCS has received the Council's approval for antenna installations. Because MetroPCS' plans approved by the Council indicate that it would have three or four cabinets installed on concrete pads and the cabinet to be added would not exceed this number, no further notice to the Council is required.

Please feel free to contact the Council anytime you may have additional questions about its requirements and procedures.

Very truly yours,

A handwritten signature in black ink that reads "Linda Roberts".

RE: MetroPCS Notification Regarding Connecticut Siting Council Approval

Dear Mr. Caruso,

The purpose of this letter is to notify the Connecticut Siting Council ("CSC") that MetroPCS New York, LLC ("MetroPCS") would like to make modifications to its existing wireless communication facilities at each of the site locations listed below. MetroPCS intends to install one (1) radio cabinet and one (1) new 120v / 60 amp electrical breaker and applicable conduits all within the existing MetroPCS lease area/equipment platform.

For all of the sites listed below, MetroPCS has obtained CSC's approval for the installation of either three (3) or four (4) wireless communication cabinets within MetroPCS' lease area/equipment platform. Currently, each location has only two (2) wireless equipment cabinets installed. This addition of the third (3rd) cabinet will not increase MetroPCS' existing lease area.

If we require any additional permits beyond this notification, please contact me at: 5 Skyline Drive, Hawthorne, NY 10532 or by phone at 914.593.8628. If you have any additional inquiries please feel free to contact me.
