Fairfield County
Colliers Engineering & Design Project No. 18946026

Dear Mr. Doodnauth,

For the above referenced site, AT&T has proposed the removal of three (3) antennas and the installation of three (3) new antennas, six (6) TMAs, one (1) squid, one (1) fiber trunk, four (4) DC cables, and six (6) coax cables at a centerline height of 145' AGL.

Colliers Engineering & Design CT, P.C. has based their review on the following document in completing this report:

- As-Built photographs provided by Ericsson, dated June 18, 2021.
- Construction Drawings prepared by Colliers Engineering & Design CT, P.C., dated June 30, 2020.
- As-Built Construction Drawings provided by McPhee Electric LTD, dated July 2, 2021.

Colliers Engineering & Design CT, P.C. has been provided with As-Built photographs by AT&T, dated September 15, 2022. The As-Built photographs, which are included, accurately depict the final installation of the AT&T antenna mounts. Based upon the inspection of the As-Built photographs, it is the professional opinion of Colliers Engineering & Design CT, P.C. that all work has been installed and is in compliance with codes and standards per the approved Construction Drawings.

This evaluation of the As-Built condition is based solely on the provided As-Built photographs. Any equipment that has been installed after the As-Built photographs were taken is not part of this evaluation. Further, any equipment that has been installed, but was not captured in the provided
