RE: **EM-CING-011-190729** - New Cingular Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 1021 Blue Hills Avenue, Bloomfield, Connecticut.

Dear Mr. Roberts:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on July 29, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Post-Mod Structural Analysis Report (SA) prepared by Tower Engineering Solutions and dated June 5, 2019. The Conclusions on page 6 of the SA references a proposed modification design drawing by Tower Engineering Solutions with Job No. 70654. This modification design drawing referenced above was not provided with the request for exempt modification.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that QC Development provide the proposed modification design drawing referenced above, on or before August 30, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to August 30, 2019. **Please provide an electronic version and one hard copy of the response for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
