Re: **EM-VER-011-211004 – Cellco Partnership d/b/a Verizon Wireless  
Telecommunications Facility, 12 Burr Road, Bloomfield, Connecticut**

### **Completion of Construction**

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced Cellco facility modification has been completed.

As required by the Council's approval, attached is a letter from Infinigy, dated October 5, 2022, verifying that Cellco's facility modifications were completed in accordance with the July 2, 2021 Mount Analysis Report by Maser Consulting.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

**RE: FCCA Close Out Letter**  
**Verizon Site Name:** Bloomfield 2 CT  
**Verizon Site ID:** 468216  
**SBA Communications Corp:** CT13548-S  
**Site Address:** 12 Burr Rd  
Bloomfield, CT 06002

To whom it may concern,

Infinigy has conducted a post-construction review and evaluation of the site referenced above. Infinigy has prepared the drawings for the aforementioned site and as such, we have conducted a final site review for the sole purpose to verify that the installation was completed in accordance with the site plans which included the following modification.

- Install (1) SitePro1 P/N: PRK-1245 kit - 3'-4" ± below standoff arm.
- Install (1) 12'-6" long 2.0" STD pipe per sector, located 2'-0" above existing horizontal.

Based on our review of the signed and sealed construction documents for this site issued by Infinigy (Revision 1, 09/22/2021), and the as-built drawings and post construction photographs provided by the contractor, it is our opinion that the site was built in general conformance with the site plans as prepared by Infinigy and complied with the recommendations in the 07/02/21 Maser Consulting Connecticut mount analysis.

Chris Warren, P.E.  
Chief Engineer
