Dear Mr Blinkhorn,

Infinigy has prepared the carrier upgrade site design for the above-mentioned site and conducted a final review of the proposed installation for the sole purpose to verify that the installation was completed in accordance with the site plans.

Based on our review of the final construction drawings issued on 10/04/19 and the post construction photos provided by Qualtek, it is our opinion that the site was built in general conformance with the site plans as prepared by Infinigy Engineering.

Please free to contact me at (201) 819-4493 if you have any questions or require additional information.

Sincerely,
