RE: EM-EVER-014-161018e - Branford Substation – Branford
Notice of Completion

Dear Ms. Bachman:

ORIGINAL

The Connecticut Light and Power Company (“CL&P”) doing business as Eversource Energy (“Eversource”) received acknowledgement from the Connecticut Siting Council (“Council”) on November 7, 2016 that Eversource’s proposed modification of the Branford Substation would comply with the exempt modification criteria in Section 16-50j-57 of the Regulations of Connecticut State Agencies. The Council included conditions regarding the work undertaken pursuant to modification. Eversource submits this letter to provide notice that Eversource has complied with the Council’s conditions as follows:

- Written notification to the Council not less than 45 days after construction has been completed. Eversource completed construction on March 1, 2017; this letter provides notice of completion of this modification.
- There were no material changes or other deviations to this modification.

Enclosed are this original and two (2) copies of this Notice of Completion.

Thank you for your attention to this matter. If you have any questions or comments, please call me at (860) 728-4527.

Sincerely,

Kathleen M. Shanley

Good Afternoon Helen,
I just wanted to make certain....you are saying the Branford em is complete right?

The Branford em is **EM-EVER-014-161018e** – Eversource Energy notice of intent to modify an existing energy facility located at 272 East Main Street, **Branford**, Connecticut.

The number you listed was Manchester...

EM-EVER-077-160505e – Eversource Energy notice of intent to modify an existing energy facility located at 250 Olcott Street, **Manchester**, Connecticut.

Just want to make certain what's complete.
