RE: **EM-CING-015-180322** – New Cingular Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 1000 Trumbull Avenue, Bridgeport, Connecticut.

Dear Mr. Ramsden:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on March 22, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report provided with the filing. The Structural Analysis Report provided is dated August 17, 2017. The Council had received an exempt modification filing from Cellco Partnership d/b/a Verizon Wireless (Cellco) for the same facility in February of 2018. Your exempt modification filing does not include Cellco's approved equipment. Please see Cellco's exempt modification filing for this facility, which may be found on the Council's website under the Decisions page in Bridgeport under the filing number EM-VER-015-180205 or by following the link: http://www.ct.gov/csc/lib/csc/ems/bridgeport/trumbullave/verizon/em-ver-015-180205_filing_trumbullave.pdf

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications, LLC provide an updated Structural Analysis Report for the facility that includes proposed and approved equipment by New Cingular Wireless, PCS LLC, Cellco and other entities that are located at this facility on or before May 1, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 1, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
