RE: **EM-T-MOBILE-018-190606** – T-Mobile notice of intent to modify an existing telecommunications facility located at 37 Carmen Hill Road, Brookfield, Connecticut..

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 6, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Mount Review Letter (MA) dated April 29, 2019. The MA is signed but not stamped by a Professional Engineer registered in the State of Connecticut.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Northeast Site Solutions provide a MA for the proposed modification that is stamped and signed by a professional engineer duly licensed in the State of Connecticut, on or before July 12, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 12, 2019. **Please provide an electronic version and one hard copy of the MA for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
