RE: **EM-VER-020-200423** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 719 George Washington Turnpike, Burlington, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on April 23, 2020.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report provided with the filing. The Structural Analysis Report provided is dated April 17, 2020. The Council acknowledged a request for exempt modification from AT&T and T-Mobile for the same facility on November 18, 2019 and July 8, 2019, respectively. The above-referenced request for exempt modification does not include AT&T's and T-Mobile's approved equipment. Please see AT&T's and T-Mobile's exempt modification filing for this facility, which may be found on the Council's website under the Decisions page for Burlington under the filing numbers EM-CING-020-191015 and EM-T-MOBILE-020-190614 or by following the links:

https://www.ct.gov/csc/lib/csc/ems/burlington/georgewashingtpke/t_mobile/em-t-mobile-020-190614_filing_georgewashingtpke.pdf

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Verizon provide an updated Structural Analysis Report for the facility that includes proposed and approved equipment by AT&T, T-Mobile and other entities that are located at this facility on or before June 1, 2020. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 1, 2020. **Please provide an electronic version of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

s/ Melanie A. Bachman
