Jaclyn Swenson
New Cingular Wireless PCS, LLC
500 Enterprise Drive
Rocky Hill, CT 06067-3900

RE: **EM-CING-148-042-083-115-023-061127** - New Cingular Wireless PCS, LLC notice of intent to modify existing telecommunications facilities located at 1605 Durham Road, Wallingford; 94 East High Street, East Hampton; 1825 South Main Street, Middletown; 229 Cheshire Road, Prospect; and 96 Powder Hill Road, Canton, Connecticut.

Dear Ms. Swenson:

At a public meeting held on December 12, 2006, the Connecticut Siting Council (Council) acknowledged your notice to modify these existing telecommunications facilities, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions.

1. All AT&T equipment including but not limited to equipment shelters, antennas, tower platforms, T-arms, etc., are removed within 180 days of this acknowledgement unless it can be utilized by another carrier within that time period.
2. If AT&T is at the top position on the tower, any tower extension or mast (that only supports AT&T antennas) is removed within 180 days of this acknowledgement unless it can be utilized by another carrier within that time period.
3. The Council recommends that the compounds are cleared of all weeds, brush, and unnecessary clutter.

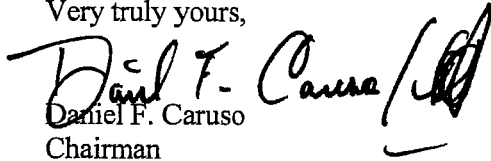

The proposed modifications are to be implemented as specified here and in your notice dated November 22, 2006, including the placement of all necessary equipment and shelters within the tower compounds. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to existing facility sites that would not increase tower heights, extend the boundaries of the tower sites, increase noise levels at the tower site boundaries by six decibels, and increase the total radio frequencies electromagnetic radiation power densities measured at the tower site boundaries to or above the standard adopted by the State Department of Environmental Protection pursuant to General Statutes § 22a-162. These facilities have also been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on these towers.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to any of these facilities will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information

regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Any deviation from this format may result in the Council implementing enforcement proceedings pursuant to General Statutes § 16-50u including, without limitation, imposition of expenses resulting from such failure and of civil penalties in an amount not less than one thousand dollars per day for each day of construction or operation in material violation.

Thank you for your attention and cooperation.

Very truly yours,

Daniel F. Caruso
Chairman

DFC/MP/laf

RE: Notice of Exempt Modification – Five (5) Existing Telecommunications Tower Facilities formerly operated by AT&T Wireless Services

(Facility Street Address & Town, AT&T Site Number, AT&T Site Name)

- Site 1:** 1605 Durham Rd Wallingford, CT0274, Wallingford RT68 Quarie
- Site 2:** 94 East Hight St Middlesex, CT2418, East Hampton East
- Site 3:** 1825 South Maine St Midletown, CT2419, Middlefield South West
- Site 4:** 229 Cheshire Rd Prospect, CT2604, Prospect East
- Site 5:** 96 Powder Hill Rd Canton, CT2331, Canton West

Dear Chairman Caruso and Members of the Council:

New Cingular Wireless PCS, LLC (“Cingular”) wishes to remove its facilities formerly operated by AT&T Wireless Services at the above-mentioned locations. These telecommunication facilities are no longer in service.

Please accept this letter and attachments as notice of exempt modification to the Council, pursuant to R.C.S.A. Section 16-50j-73. In compliance with R.C.S.A. Section 16-50j-73, a copy of this filing is being sent to the appropriate town CEO. Copies of the cover letter to each individual are attached.

Existing

A description of each individual facility and its previously approved equipment for use by AT&T Wireless is attached.

Proposed Modifications

Cingular proposes to remove its equipment as indicated in the attached pictures and as further described in the accompanying written documentation for each individual site.

Statutory Considerations

The proposed changes to the above mentioned tower facilities do not constitute a “modification” of an existing facility as defined in Connecticut General Statutes (“C.G.S.”) Section 16-50i(d) because the general physical characteristics of the facility will not be significantly changed or altered. Rather, the planned changes to the facility fall squarely within those activities explicitly provided for in R.C.S.A. Section 16-50j-72(b)(2) because they will not result in any substantial adverse environmental effect.

1. The height of the overall structure will be unaffected.
2. The proposed changes will not affect the property boundaries.
3. The proposed de-installation will not increase the noise level at the existing facility by six decibels or more.
4. De-installation will not increase the total radio frequency electromagnetic radiation power density, measured at the tower base, to or above the standard adopted by the State of Connecticut and the FCC. The decommissioned facility will no longer emit RF energy. Therefore the total radio frequency electromagnetic radiation power density will only decrease.

For the foregoing reasons, Cingular respectfully submits that proposed changes at the above-mentioned sites meet the Councils exemption criteria and request an acknowledgement of same.

Respectfully Submitted,

Jaclyn Swenson
On behalf of New Cingular Wireless

Mayor William W. Dickinson, Jr.
Town Hall
45 South Main St
Wallingford, CT 06492

Dear Mayor William W. Dickinson, Jr.:

As you may know New Cingular Wireless (Cingular) has recently purchased the assets of the cellular carrier formerly know as AT&T Wireless Services. In doing so, it has greatly increased the number of telecommunication facilities owned by New Cingular Wireless. In some cases this has resulted in duplicated coverage areas presently serviced by existing Cingular facilities.

The cellular site located at 1605 Durham Rd Wallingford presented duplication in coverage area and was therefore scheduled for decommissioning. Since the site was no longer in use it has been decommissioned and all property formerly owned by AT&T Wireless Services has been removed. The lease termination rights have been addressed with the property owner.

As directed by the Connecticut Siting Council, we are serving you, being the Town Official, notice that New Cingular Wireless is no longer maintaining the former AT&T Wireless Services Telecommunications Facility at the aforementioned address.

Should you have any further questions, please feel free to contact me.
