Re: EM-VER-023-121004 – Cellco Partnership d/b/a Verizon Wireless 96 Powder Mill Road, Canton, Connecticut

Dear Mr. Martin:

On November 8, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 96 Powder Mill Road in Canton, Connecticut. The modification involved the replacement of certain antennas and the installation additional antenna cable diplexers.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that this condition has been satisfied. All construction associated with these modifications has now been completed.

Sincerely

Kenneth C. Baldwin

Mr. Mark Gauger Verizon Wireless 99 East River Drive East Hartford, Connecticut 06108

Re: Existing Telecommunications Facility Tower Modification Certification Letter

Project:

Verizon ~ Collinsville 2

96 Powder Mill Road

Canton, CT

Tower Owner:

SBA Communications Corporation

5900 Broken Sound Parkway NW

Boca Raton, Florida 33487

Engineer:

FDH Engineering

2730 Rowland Ave Raleigh, NC 27615

Centek Project No.: 13008.008

Dear Mr. Gauger,

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the design documents prepared by FDH Engineering:

- Review of the FDH structural analysis dated 08/07/2012.
- Field observations by Centek personnel of coax and diplexer installation on 09/25/2013 which determined all coax lines and diplexers were installed in general compliance with the recommendations of the structural analysis report prepared by FDH on 08/07/2012.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE

Principal ~Structural Engineer
