RE: **EM-ATT-025-230331** – AT&T notice of intent to modify an existing telecommunications facility located at 751 Higgins Road, Cheshire, Connecticut.

Dear William Hurly:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on March 31, 2023.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified the following deficiencies:

- a. the Construction Drawings dated February 1, 2023 do not include a stamp and signature of a Professional Engineer duly licensed in the State of Connecticut.
- b. The exempt modification request lacks documentation of the original facility approval and any conditions of such approval or correspondence with the Town of Cheshire stating that the town no longer retains records of its decision.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that AT&T provide updated Construction Drawings that are both stamped and signed by a Professional Engineer duly licensed in the State of Connecticut and documentation showing the original facility approval with conditions if any or correspondence with the Town of Cheshire stating that there are no records of the original facility approval, on or before May 17, 2023. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 17, 2023. **Please provide an electronic version of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in dark ink, appearing to read "Melanie Bachman". The signature is fluid and cursive, with a long horizontal stroke at the end.

Melanie Bachman
