RE: **EM-T-MOBILE-025-220215** – T-Mobile notice of intent to modify an existing telecommunications facility located at 751 Higgins Road, Cheshire, Connecticut.

EM-VER-080-220215 - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 450-478 West Main Street, Meriden, Connecticut.

Dear Ms. Masse:

The Connecticut Siting Council (Council) received notices of intent to modify the above-referenced facilities on February 15, 2022.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed these exempt modification requests for completeness and has identified a deficiency in each. The Council was not able to process the filing fee checks #309 and 312, as they were returned by the bank for stop payment. A copy of the documentation received from the bank is attached.

Therefore, the exempt modification requests are incomplete at this time. The Council recommends that valid filing fee checks in the amount of \$625 be submitted by March 21, 2022. If additional time is needed to submit the requested filing fees, please submit a written request for an extension of time prior to March 21, 2022.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
