RE: **EM-CING-028-180813** – New Cingular Wireless, PCS, LLC notice of intent to modify an existing telecommunications facility located at Chestnut Hill Road, Colchester, Connecticut.

Dear Ms. Illiades:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on August 13, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Construction Drawings (CD) prepared by Hudson Design Group, dated April 25, 2018 and stamped and signed by Derek J. Creaser. The structural Notes on page A-2, A-3 and S-1 of the CD references an Antenna mount Structural Analysis Report dated March 30, 2018. The Antenna Mount Structural Analysis Report submitted with this filing is dated March 19, 2018.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications provide updated CD referencing the current Antenna Mount Structural Analysis Report on or before September 18, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to September 18, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director

MAB/MP/IN
