

## Final Report of Special Inspections

Project: AT&T Site CT2233 Colchester Middletown Rd.  
Telecommunication Facility Upgrade (LTE 2C/3C/4C/5C)  
Location: 856 Middletown Rd. Colchester CT 06415  
Owner: American Tower Corp.

Engineer of Record: Daniel P. Hamm, P.E.  
Hudson Design Group, LLC.

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved.

Representatives of Hudson Design Group, LLC performed the Final Inspections after the construction of the telecommunications facility at the above-referenced address. The Final Inspection was performed on June 30, 2020.

Based on my knowledge, information and belief the AT&T Installation substantially conforms to the approved plans, IBC 2015 with 2018 CT State Building Code Amendments, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-G), and the following:

1. Final Construction Drawings dated 2/28/2019, prepared by Hudson Design Group, LLC, entitled "Colchester Middletown Rd"
2. Final Mount Assessment dated 11/7/2019 prepared by Hudson Design Group, LLC.
3. Final Structural Analysis dated 1/25/2019 by Tower Engineering Professionals.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications. This report does not include inspections for the findings of the global stability analysis and modifications to the structure. Those modification inspections, if required, are strictly the responsibility of the tower owner & general contractor performing such design and installation.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,  
Special Inspector

Daniel P. Hamm, P.E.
