Re: **EM-VER-032-120622 – Cellco Partnership d/b/a Verizon Wireless  
1712 Main Street, Coventry, Connecticut**

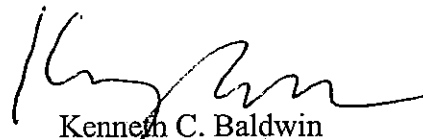

Dear Mr. Martin:

On July 11, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 1712 Main Street in Coventry, Connecticut. The modification involved the replacement of certain antennas and the installation of additional coax cables.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that this condition has been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,

Kenneth C. Baldwin

**Re: Existing Telecommunications Facility Tower Modification Certification Letter**

**Project:** *Verizon ~ Coventry East*  
*1712 Main Street*  
*Coventry, CT*

**Contractor:** *Construction Services of Branford*  
*63-3 North Branford Road Branford, CT*

**Engineer:** *Centek Engineering*  
*63-2 North Branford Road Branford, CT*

**Centek Project No.:** 12005.CO22

Dear Mr. Gauger,

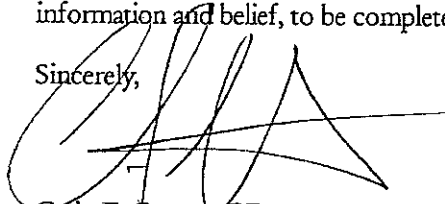

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the design documents prepared by this office:

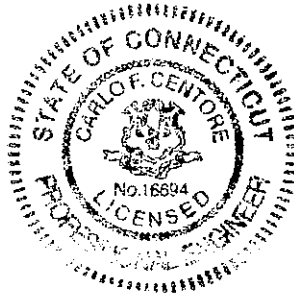

- Review of the structural analysis prepared by this office dated 5/21/2012.
- Review of reinforcement drawings S-1,S-2,S-3 and S-4 dated 5/21/2012.
- Field observations by Centek personnel of reinforcement installation on 11/16/2012 which determined all reinforcements were installed according to the structural analysis prepared by this office dated 5/21/2012.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE  
Principal ~ Structural Engineer
