RE: **EM-AT&T-033-170615** – AT&T Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 100 Berlin Road, Cromwell, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) is in receipt of your email of July 7, 2017, requesting an extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated July 3, 2017.

The Council hereby grants an extension of time to submit the required documentation by August 7, 2017.

Thank you for your attention to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director

MAB/CW

**Re: EM-AT&T-033-170615 – AT&T Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 100 Berlin Road, Cromwell, CT**

Dear Ms. Bachman:

In accordance with your letter dated July 3, 2017 concerning the above-referenced matter, this letter serves as a request for an extension of time beyond the deadline of July 17, 2017. This extension is requested in order to produce a Revision G structural report.

If you have any questions or concerns regarding this request, kindly contact Jennifer Iliades who will be handling this matter moving forward:

RE: **EM-AT&T-033-170615** – AT&T Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 100 Berlin Road, Cromwell, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 15, 2017. On June 21, 2017, the Council sent you a letter stating that your filing was incomplete because the structural analysis report was run using ANSI/TIA/EIA-222-F standards and was not stamped and signed by a Professional Engineer duly licensed in the State of Connecticut. The Council requested that Empire Telecom USA, LLC provide a structural analysis report using the most current ANSI/TIA/EIA-222 Revision G standard and that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut.

On June 21, 2017, the Council received a structural analysis report that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut. However, the structural analysis report still uses the ANSI/TIA/EIA-222-F standards. The Council's previous correspondence requested that the structural analysis report use the most current ANSI/TIA/EIA-222 Revision G standard.

Therefore, the exempt modification request is still incomplete. The Council recommends that Empire Telecom USA, LLC provide a structural analysis report using the most current ANSI/TIA/EIA-222 Revision G standard and that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut on or before July 17, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 17, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Executive Director

MAB/CW
