16 Esquire Road  
Billerica, MA 01862

RE: **EM-AT&T-033-170615** – AT&T Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 100 Berlin Road, Cromwell, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 15, 2017. On June 21, 2017, the Council sent you a letter stating that your filing was incomplete because the structural analysis report was run using ANSI/TIA/EIA-222-F standards and was not stamped and signed by a Professional Engineer duly licensed in the State of Connecticut. The Council requested that Empire Telecom USA, LLC provide a structural analysis report using the most current ANSI/TIA/EIA-222 Revision G standard and that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut.

On June 21, 2017, the Council received a structural analysis report that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut. However, the structural analysis report still uses the ANSI/TIA/EIA-222-F standards. The Council's previous correspondence requested that the structural analysis report use the most current ANSI/TIA/EIA-222 Revision G standard.

Therefore, the exempt modification request is still incomplete. The Council recommends that Empire Telecom USA, LLC provide a structural analysis report using the most current ANSI/TIA/EIA-222 Revision G standard and that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut on or before July 17, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 17, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Executive Director

MAB/CW

Billerica, MA 01862

RE: **EM-AT&T-033-170615** – AT&T Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 100 Berlin Road, Cromwell, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 15, 2017.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the structural analysis report. The structural analysis report provided is not stamped and signed by a Professional Engineer duly licensed in the State of Connecticut. Additionally, the structural analysis report indicates that it was run using ANSI/TIA/EIA-222-F standards.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Empire Telecom USA, LLC provide a structural analysis report using the most current ANSI/TIA/EIA-222 Revision G standard and that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut on or before July 5, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 5, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Executive Director
