**Re: Notice of Exempt Modification
Travelers Championship – Temporary Telecommunications Facility
Cromwell, Connecticut**

Dear Ms. Bachman:

Pursuant to R.C.S.A. Section 16-50j-72(d), this letter will serve as notice that Cellco Partnership d/b/a Verizon Wireless (“Cellco”) intends to install a temporary wireless repeater facility (a/k/a “Cell Repeater on Wheels” or “CROW”) for use prior to and during this year’s Travelers Championship scheduled for August 1-7, 2016 at TPC River Highlands, Golf Club Road in Cromwell, Connecticut (the “Property”). Included in Attachment 1 is a letter from the Travelers Championship authorizing the filing of this notice. Also included in Attachment 2 is an aerial photograph of the TPC River Highlands property showing the proposed location for Cellco’s CROW. In accordance with R.C.S.A. Section 16-50j-73, a copy of this filing has been sent to Enzo Faienza, Mayor for the Town of Cromwell.

The CROW that Cellco intends to install at the Property is a trailer-mounted wireless repeater with a retractable 60-foot tower. (See CROW specifications included in Attachment 3). Cellco will attach one (1) antenna to the top of the tower. Equipment associated with the CROW will be located inside a cabinet on the trailer. The equipment will be plugged into an existing power source on the Property.

14857104-v1

Melanie A. Bachman

June 28, 2016

Page 2

The proposed temporary telecommunications facility satisfies the criteria set forth in R.C.S.A. Section 16-50j-72(d), as a facility that will provide temporary wireless service for an event of State-wide significance. The CROW will provide additional network capacity to accommodate increased wireless voice and data services needed during the event. Cellco expects that the CROW will be brought to the site on or about July 25, 2016 and will be removed on or about August 15, 2016.

The operation of the CROW will not result in a total radio frequency (RF) emissions levels that exceed the Federal Communications Commission (FCC) safety standard. The “worst-case” calculation of RF emissions from the CROW would be 63.15% of the FCC standard. (See General Power Density table included in Attachment 4). Actual RF emissions levels from this temporary facility will be substantially lower than these worst-case approximations. The only noise associated with the CROW’s operations occurs when the tower mast is raised and lowered with the help of a small 7 kW generator located on the trailer. Otherwise, during normal operations the CROW does not generate any noise.

Lastly, a copy of the Town Assessor’s parcel map including owner information is included in Attachment 5.

Based on the foregoing, Cellco respectfully requests acknowledgement of this notice for the installation of a temporary wireless facility at the Travelers Championship in Cromwell, Connecticut. Please feel free to contact me if you have any questions or need any additional information.

Sincerely,

Kenneth C. Baldwin

Re: Cellco Partnership d/b/a Verizon Wireless
Proposed Temporary Communications Facility
at One Golf Club Rd, Cromwell, CT 06416

Dear Mr. Befera:

The Greater Hartford Community Foundation, Inc., is the owner of the property at One Golf Club Rd, Cromwell, Connecticut (the "Property") during the Traveler's Championship Tournament. This letter authorizes Verizon Wireless and/or its authorized agent to file for all necessary federal, state or local permits approvals for the proposed wireless telecommunication facility at the Property.

Sincerely,

Nathan Grube, Executive Director

- NOTES:
- ALL PARTS TO BE FABRICATED SHALL BE DONE PRIOR TO WELDING TO ASSEMBLY (E.G. CUT, DRILL, PUNCH HOLES, ETC.). SEE PART DRAWINGS FOR DETAILS.
 - ALL WELDS SHALL BE SEAL WELDS UNLESS NOTED OTHERWISE.
 - ALL WELDS SHALL BE CLEANED AND FREE OF FLUX, SLAG, AND WELD SPATTER.
 - ALL HOLES SHALL BE DEBURRED AND FREE FROM SHARP OR JAGGED EDGES.
 - ALL PENETRATIONS THROUGH STEEL MUST BE PROTECTED FROM CORROSION PLATFORM AND MAST CRADLE:
- THREE COAT SYSTEM
- ZINC RICH PRIMER (CATHACOAT@ 302H)
 - EPOXY MID-COAT (BAR-RUST@ 235)
 - URETHANE TOP COAT (DEVTHANE@ 389)
- TRAILER AND TRAILER PARTS:
- PRIMER (EPOXY) AND PAINT URETHANE BLACK (GLOSS)
- ASSEMBLY WEIGHT: N/A (ESTIMATED W/O EQUIPMENT)
- "NO CHANGES" SHALL BE MADE WITHOUT ENGINEER APPROVAL.
 - FOR QUESTIONS ABOUT CONSTRUCTION OR QUOTED PARTS NOT ILLUSTRATED ON PLANS CONTACT VICTOR HASSELL (EXT. 2802)
- KNOWN ITEMS INCLUDE:
- ~ ADDITIONAL DOTD LIGHTING
 - ~ SPARE TIRE MOUNT
 - ~ (2) 48" x 18" x 18" TOOL BOXES
 - ~ MAST CONTROL VALVE
 - ~ MAST AIR COMPRESSOR
 - ~ HYDRAULIC MOTOR FOR LEVELING SYSTEM
 - ~ HYDRAULICS FOR MAST (MOTOR & 2 HYDRAULIC CYLINDERS)
