**Subject:** Re: Notice of Exempt Modification - 15 Great Pasture

Hello Melanie,

The Department of Planning and Zoning for the City of Danbury, CT, has received the notice of exempt modification regarding the installation of eight interference-mitigation filters on the existing wireless communication facility at 15 Great Pasture Road.

The filters will be installed on the existing platform, and there will be no increase in height, noise, or radio-frequency emission levels as a result. The proposed alterations will not create any physical changes to the facility and will not have an adverse impact on the surrounding neighborhood.

Please feel free to contact me if you have any questions.

Best,

Waleed Albakry, AICP, MCIP, CMFO
