RE: **EM-T-MOBILE-034-170224** – T-Mobile Northeast LLC notice of intent to modify an existing telecommunications facility located at 24 Hospital Avenue, Danbury, Connecticut.

Dear Mr. Dahl:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on February 24, 2017.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified the following deficiency: identification of the property owner and proper parcel address with a corresponding parcel map was not provided.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Vertical Development submit a parcel map identifying the property owner and proper parcel address on or before March 16, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 16, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman
