Re: **EM-VER-034-200331 – Cellco Partnership d/b/a Verizon Wireless (“Cellco”)
48 Newtown Road, Danbury, Connecticut**

Dear Ms. Bachman:

On April 20, 2020, the Siting Council acknowledged receipt of Cellco’s notice of intent to modify its existing telecommunications facility at 48 Newtown Road in Danbury, Connecticut. Cellco’s modifications involved the replacement of antennas and installation of remote radio heads on the existing tower. Construction of these modifications is now complete.

As a condition of its approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the February 13, 2020 Mount Analysis Report, which was attached to the EM-VER-102-191025 filing.

Attached is a Notice of Completion from Hudson Design Group, Inc. verifying that all of Cellco’s facility modifications were completed in accordance with the February 13, 2020 Mount Analysis Report.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: Notice of Completion Certification

Project: Germantown CT
48 Newtown Road
Danbury, CT 06810

Engineer: Daniel P. Hamm, P.E.
Hudson Design Group LLC
45 Beechwood Drive
North Andover, MA 01845

CSC Exempt Mod Reference No.: EM-VER-034-200331

Dear Mr. Parks,

HDG is providing this "Notice of Completion Certification" with regard to the wireless telecommunications facility installation at the above referenced project.

The following are the basis for submitting compliance with the Following:

- Final Mount Analysis and Modifications dated February 13, 2020, prepared by Hudson Design Group LLC.
- Final Design Exhibit dated February 21, 2020, prepared by Hudson Design Group LLC, entitled "Germantown CT".
- Final Structural Analysis dated February 20, 2020, prepared by Hudson Design Group LLC.
- Field Observations by Hudson Design Group personnel on March 10, 2021 of the completed installation which was installed in general compliance with the aforementioned Documents.

The structural analysis prepared by Hudson Design Group LLC demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the document(s) referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Respectfully Submitted,
Hudson Design Group LLC

Daniel P. Hamm, P.E.
